An update by our Police Liaison, Lt. Bailey, on recent crime in our neighborhood, followed by a presentation by Mr. Robert Garbacz of the City's Transportation & Environmental Department on the

effect of heavy trucks using our neighborhood streets as a cut-through. He wants to hear your experiences. There are now "No Thru-Truck" signs on West Rosemont Ave. If City Council approves the Traffic and Parking Board's recommendation there will be similar signs on West Linden. These are temporary solutions. We need your input to arrive at a more comprehensive solution.
