The Rosemont Citizens Association is a 100% volunteer-run organization which promotes the interests and welfare of Rosemont residents and property owners.

At these meetings, the intent is to provide information and to discuss and vote on issues important to us. We encourage questions and feedback related to our discussion. Keep in mind, however, that we don't represent the city, and this not the effective forum for airing complaints which are best directed to the City itself.

All individuals, eighteen (18) years of age or older, residing or owning property within the boundaries of the Rosemont Citizens Association boundaries are considered to be members of the RCA and entitled to a vote at meetings.
